## Summary

Passionate computer science and engineering student with a strong background in server-side development, Java-based Android app development, Python programming, and front-end development. Currently pursuing my Bachelor's degree at Adama Science and Technology University.

With a keen interest in artificial intelligence, I am particularly interested in mastering machine learning and integrating it with mobile computing applications. I believe that machine learning has the potential to revolutionize the way we interact with technology, and I am eager to be a part of that revolution.

I am a quick learner with strong problem-solving skills and a proven ability to work independently and as part of a team. I am also a highly motivated and results-oriented individual with a strong work ethic.

I am seeking an internship or entry-level position in the field of artificial intelligence and mobile application development where I can use my skills and knowledge to make a meaningful impact.

## Experience

**Software Engineer Intern**
Ministry of Innovation And Technology- Ethiopia
Jul 2023 - Present (2 months)

**Club Member**
CSEC-ASTU
May 2023 - Present (4 months)

**CSE Student**
Adama Science and Technology University
Jul 2021 - Present (2 years 2 months)

## Education

**Sibu Mendi**
Grade 12, Natural Sciences
Sep 2018 - Mar 2021
I completed my 12th Grade and then joined ASTU.

**Menesibu Secondary School**
Sep 2016 - Jun 2018

Completed my 9th and 10th Grade.

**Adama Science and Technology University**
Computer Science And Engineering, CSE
2021 - Present

## Licenses & Certifications

**Introduction to Python** - Sololearn

**Responsive Web Design** - freeCodeCamp

**Introduction to JavaScript** - Sololearn

**PHP** - Sololearn

## Skills

HTML • MySQL • PHP • JavaScript • Web Applications • English • Web Design • Sketching • Drawing • Video Editing
